Who we are

Grant Thornton Afghanistan is one of the leading accounting, auditing, tax and advisory firms in Afghanistan. With headquarters in Kabul, the firm employs 31 people of which three are partners.

Our clients

Clients include government as well as privately held businesses, operating in areas such as financial services, not-for-profit, consumer products, technology, media and communications, travel, tourism and leisure, construction and real estate, energy and environmental services.

How we work

The philosophy of the firm is to adapt services to the specific needs of each assignment while maintaining a personalised relationship with each client. Professionals are chosen according to both the activity of the client and the nature of the assignment.

Where we are

What we do

We provide a wide range of services to our clients:

Assurance

Audit services include statutory audit as well as audit for group purposes. Audit standards and methods applied are based on an assessment of risks involved, with reliance being placed on the quality of client's organisation and systems.

Tax

Domestic and international taxation advice is given to clients on all aspects of tax strategy and tax planning. We have a dedicated team specialised in expat, income and social tax planning. Tax representation services are available for international companies because of their business in Afghanistan.

Advisory

This service line includes:

- transaction advisory services
- mergers & acquisitions
- restructuring
- project finance
- forensic
- financing and fund raising
- improvement of performance.

Other services

Accounting,

Accounting work can be externalised to us until the company has grown sufficiently to undertake the work by itself.

Outsourcing

- The firm has established a specific team of staff organised to render outsourcing services including accounting, human resources, payroll and accounts payable, reporting and internal audit work and functions.

Our global organisation

Grant Thornton is one of the world's leading organisations of independent assurance, tax and advisory firms. These firms help dynamic organisations unlock their potential for growth by providing meaningful, actionable advice. Proactive teams, led by approachable partners in these firms, use insights, experience and instinct to understand complex issues for privately owned, publicly listed and public sector clients and help them to find solutions. More than 42,000 Grant Thornton people, across over 130 countries, are focused on making a difference to clients, colleagues and the communities in which we live and work.
