*"At Grant Thornton Denmark we work closely with management to understand the issues our clients face. We are at the forefront of professional development and take an active role in consulting and commenting on new regulations. Our longstanding and broad experience forms the basis of our ability to give valuable and independent advice to our clients."*

*"We love helping companies grow and become successful. We team up across service areas to support each client in the best possible way. Confidence and understanding of each client is another trademark we are striving for, because without a deep understanding of our clients' needs, good cooperation in this relationship is not possible."*

### Who we are

Grant Thornton Denmark is one of Denmark's leading assurance companies employing over 175 people. The firm was founded in 1938 and has an excellent reputation with all its clients ever since. Our experts have extensive experience and knowledge in auditing domestic as well as international clients, making it possible to provide our clients with high quality auditing and related services.

### Where we are

Our head office is located in Copenhagen, the capital of Denmark. We service clients throughout the country.

### How we work

We provide a high quality professional service to all our clients. We are knowledgeable and strongly committed to our clients' business needs. Our clients receive a high level of personal attention from our partners and other senior staff.

Grant Thornton Denmark has an International Business Centre (IBC) that provides a gateway to the resources of the Grant Thornton International global organisation. The IBCs around the world are led by experts in international business familiar with the wealth of experience held by member firm partners around the world. They coordinate this expertise to serve clients across borders.

## Why Grant Thornton

Our clients usually inquire a solid team with solid contact persons, which is typically a partner and a leading employee with the overall customer responsibility. The team is composed with the necessary competences and specialists. Our way of working and taking care of the customer is what differentiates us from others. In order to provide the highest quality to our customers, we strive to have the most skilled employees. Our partner/staff ratio, enables us to provide partner-led services where the professionals with the greatest competence and experience are deeply involved in the assignments. We are a mix of generalists and specialists, and our comprehensive knowledge of the Danish business sector enables us to provide our clients with the best possible service. High quality, professional competence, and ethics are fundamental principles in our firm, and combined with our core values, they constitute the way we work both domestically and internationally.

## Our clients

We are accounts and consultants to a wide section of Danish companies within both the private and public sector. Our client portfolio ranges from smaller and medium-sized businesses to listed Danish companies. We service both partner driven, family driven and one-man businesses. We have a close collaboration with both the company and the management, which creates a close connection that the company and we as accountants and consultants benefit from. We obtain a greater understanding of the company, which allows us to provide our clients with a wide and thorough service.
