Managing partner

“We aim to provide distinctive client service that customers perceive as being different in ways that are important to them.

We do this by: being clear and honest in what we promise to deliver; being dedicated to conducting our work in a responsible manner; being committed to technical excellence and high standards of independence and objectivity to which we work; being accessible and flexible to respond to clients’ needs; delivering consistent service quality; recruiting and retaining talented people, and; charging fair fees.

We believe these actions are what sets us apart from our competitors.”

Who we are

Founded in 1975, Grant Thornton Malta is one of the leading accounting and business advisory firms in Malta. Our clients include local and international privately held businesses, public interest entities and government entities.

Where we are

Our office is centrally located in Swatar, fifteen minutes away from Malta International Airport. Malta is less than three hours away by air from most major European cities and is only a short hop from North Africa.

Despite being the smallest state in the European Union, The City of London's 2012 Global Financial Centres Index ranks Malta as a Local Specialist Centre in the same range band as Abu Dhabi, the Bahamas, , Hamilton, ,, Monaco, Oslo, Riyadh, Rio de Janeiro, Rome, St. Petersburg, Tallinn, Taipei and Wellington.

UNCTAD ranks Malta as 2nd highest in the Mediterranean region for incoming Foreign Direct Investment performance in 2010, well ahead of Spain, Portugal, France, Italy, Greece, Algeria, Israel, Tunisia, Croatia and Turkey.

How we work

We believe there is no one-size-fits-all solution in business. Each client is unique and we can respond to clients' needs only if we understand their particular perspectives. Our real appreciation of the concerns and goals that drive our clients helps us achieve a sustainable working relationship based on mutual respect and integrity. We are committed to assist our clients to realise their business ambitions.

We ensure our clients have direct access to partners and senior staff, and we keep clients abreast with key business developments and news as it happens.

Our commitment to clients also flows through to the relationship we build with our people. We are committed to their career and personal development, and support them to realise their full potential. We constantly focus on attracting more talent and on retaining it to ensure consistency for our clients.

Our investment in the infrastructure of the business is stronger than ever, both on national and international levels. We are large enough to take on the most demanding or specialist business, but operate in a flexible way which allows us to offer bespoke services to respond to our clients' needs.
